COMMUNITY VOLUNTEER PLATFORM

A new volunteer platform available to the community!

We can make your organizations' volunteer recruitment strategy easier. The volunteer platform provides our community with a one stop place to volunteer and gives our partners an easier way to promote opportunities.

What is the cost to your organization?

This is a **free service** provided by United Way of Greater Mercer County and powered by Galaxy Digital. We want to make sure we're doing our part to connect needs with community engagement.

How to get started?

1. Register your organization at:
Scan and access the page at the QR code below

OR go to:

<https://uwgmc.galaxydigital.com/agency/signup/>

2. Once registered, you will receive an email from United Way approving your account access.
3. After approval, you can set up and manage your own volunteer opportunities.

Organizational Benefits

- Organize and schedule volunteers
- Communicate with your volunteers before, during, and after an event
- A free resource to post your organization's volunteer opportunities and events
- The ability to promote your mission and vision
- Greater visibility in the community
- The ability to organize and track volunteer hours for grants and publications
- Organizational support with volunteer management, supervision, and retention
- Access to Galaxy Digital's support team to assist with technical questions

We look forward to supporting your organization's volunteerism! Learn how the volunteer platform can work for you by contacting Denise Daniels at denise.daniels@uwgmc.org or (609) 896-1912.
